Our Dennis, age 22, is in the Casuarina spotlight this month. From Celebration High School Dennis progressed to music college. He was addicted to music ever since he came to live at Casuarina House at the age of 6. He plays guitar, keyboard and drums. Since graduating college Dennis was snapped up by Octave band. They play 6 nights a week at various beach hotels along the north and south coast of Mombasa. On Sundays Dennis also plays guitar in the worship band at Crossroads Church in Nyali.

Eunice in the white is serving the maize and beans to the orphans on Feed500. She was actually on the feeding program herself when she was 6 years old. Eunice now 20 was fortunate to have a sponsor for primary school who then supported her for Celebration High School. After graduating she joined our Bible College where the students volunteer on a Saturday at FEED500. How my heart smiles to see how Eunice's life has changed over the years from receiving the meal to now serving it to others.

The rains have extended beyond the rainy season this year. Giving us an abundant harvest of vegetables and fruit on our agriculture land at Celebration High School. Usually it's so dry the ground is cracking and we have to buy water in just so our form 4 agriculture students can water the crops they're growing for their final exams. Students have even been coming in at the weekends to plant extra crops. Mango trees are now growing around the CHS perimeter. What a blessing the rain has been!

Lastly, Utange Orphans Charity Facebook page is once again active. Please follow us on the link below:
